Building and Moving BC

Construction and transportation companies in British Columbia are experiencing a booming economy. Unfortunately, a shortage of skilled trades is bringing some projects to a halt and finding and keeping employees is a challenge.

B.C. recognizes that many immigrants are skilled in these unfilled jobs, and just need a little extra help to qualify. ArriveBC is designed to help you find and keep a great job.

Great Value

The B.C. Ministry of Economic Development will pay for two-thirds of all your program costs.
